CELLULAR CEMENT AND CONTACT WITH RUSSIA

Group discussion continues regarding a Cellular Cement Modular Housing Factory and whether to contact the Russian Embassy and introduce this concept to them. Hatonn says there is a misconception of these two countries and this could open the way to better relations with Russia. If you lay good business it is unlimited as to the fragments it can pull. It is necessary to fulfill your mission and bring as many brothers in as possible and never forget the goal which is Oneness with God. This project could open doors for a world satellite system.

MEMORIES FROM ANOTHER TIME AWAKENED

TIME SUBJECT

00:00 Memories From Another Time Awakened

The entire tape, forty five minutes, is about extracting information about a shuttle craft from Randall, who has been put into an altered state by Hatonn. The craft is described in great detail by Randall as he answers questions asked by Hatonn. Hatonn states that Randall has personal knowledge of craft from former lifetimes.

This data is for Wally Gentleman to give him first-hand information about craft to assist his understanding of how crafts look, feel and operate for the purpose of filming Sipapu.
